

Westchester II Home Theater System

For rooms that don't require all the power of the Westchester I, the Westchester II still includes all the features to make a movie lover's dream come true. This system, like the Westchester I, is complete with 7-channel surround sound and ultimate home theater processing for perfect playback.

Qty	Model	Description
1	MX180	A/V Control Center
1	MC257	7-Channel Amplifier
1	MPC1500	Power Controller
2	XR100	Loudspeaker
1	LCR	LCR Loudspeaker
4	CS200	In-Ceiling Surround Loudspeaker

Also shown are optional MCD600 SACD/CD Player and MS500 Music Streamer.
